This application contains sequence disclosures that are encompassed by the definitions for nucleotide and/or amino acid sequences set forth in 37 CFR 1.821(a)(1) and (a)(2). However, this application fails to comply with the requirements of 37 CFR 1.821 through 1.825 for the reason(s) set forth on the attached Notice To Comply With Requirements For Patent Applications Containing Nucleotide Sequence and/or Amino Acid Sequence Disclosures. Figure 1 and pages 18, 24, 26, 27, 30, 31, 33, 34, 37, 41, 43, 46, 49, 51, 52, 55, 61, and 62 of the specification contains nucleotide and/or amino acid sequences which are encompassed by the Sequence Rules and which are not included in the Sequence Listing. 37 CFR 1.821(b) requires that applications which contain nucleotide and/or amino acid sequences, in accordance with the definitions in paragraph (a) of this section, conform exclusively to the requirements of §§ 1.821 through 1.825. 37 CFR 1.821(c) requires each nucleotide and/or amino acid sequence which is present in an application (which is subject to the Sequence Rules in accordance with the definitions of paragraph (a) of this section) be represented in a Sequence Listing with a SEQ ID NO:.

Applicant should note that the specification uses notation for the sequence identifiers which does not conform with the rules set forth in 37 CFR 1.821. The proper format for reference to a sequence identifier is "SEQ ID NO:X", wherein "X" is the number of the sequence. This format should be used throughout the specification and in the claims. The specification should be amended to correct this deficiency. It is appreciated that some of the identified pages of the specification may actually have the sequences in the Sequence Listing, but is not clear since proper identification of the sequences by SEQ ID NO: is not used.

APPLICANT IS GIVEN ONE MONTH FROM THE DATE OF THIS LETTER WITHIN WHICH TO COMPLY WITH THE SEQUENCE RULES, 37 CFR 1.821 - 1.825. Failure to comply with these requirements will result in ABANDONMENT of the application under 37 CFR 1.821(g). Extensions of time may be obtained by filing a petition accompanied by the extension fee under the provisions of 37 CFR 1.136. In no case may an applicant extend the period for response beyond the six month statutory period. Direct the response to the undersigned. Applicant is requested to return a copy of the attached Notice to Comply with the response.

☒ 1. This application clearly fails to comply with the requirements of 37 CFR 1.821 - 1.825. Applicant's attention is directed to these regulations, published at 1114 OG 29, May 15, 1990 and at 55 FR 18230, May 1, 1990.

☐ 2. This application does not contain, as a separate part of the disclosure on paper copy, a "Sequence Listing" as required by 37 CFR 1.821(c).

☒ 3. A copy of the "Sequence Listing" in computer readable form has not been submitted as required by 37 CFR 1.821(e).

☐ 4. A copy of the "Sequence Listing" in computer readable form has been submitted. However, the content of the computer readable form does not comply with the requirements of 37 CFR 1.822 and/or 1.823, as indicated on the attached copy of the marked-up "Raw Sequence Listing."

☐ 5. The computer readable form that has been filed with this application has been found to be damaged and/or unreadable as indicated on the attached CRF Diskette Problem Report. A substitute computer readable form must be submitted as required by 37 CFR 1.825(d).
